

TTUHSC Lubbock

Lubbock, TX

Why TTUHSC Lubbock?

- Large catchment area, only level 1 trauma center with adult and pediatric burn center for hundreds of miles. Diverse pathology. Vibrant college city with great cost of living.
- The mission of the TTUHSC Emergency Medicine Residency Program is to enhance the quality of emergency care throughout West Texas by the provision of board-certified, residency-trained emergency physicians to the region. These emergency physicians will achieve a high level of clinical competence through training in a tertiary care teaching hospital and Level 1 trauma center as well as other GME clinical learning environments where they receive the ability to provide personalized, compassionate patient care for a wide variety of emergent and complex conditions.
